The iTero Sleeve Replenishment Program is currently unavailable for the full barrier wand sleeves required for the iTero Element 5D Digital Imaging System in the United States. Joining the Auto Replenishment program is free. Sleeves prices still apply. Align will ship pre-defined sleeve box quantities in quarterly shipments. Acceptable shipment quantities are in multiples of 4 boxes per quarter. Additional terms and conditions apply. For additional terms and conditions, please review your Sleeves Replenishment Agreement. Prices are subject to change by Align Technology Inc.
